

# 12th International Conference on Semiconductor Integrated Circuits and Systems (ICSIS) 2024: Breaking New Ground in Qingdao, China

## About ICSIS 2024

The 12th International Conference on Semiconductor Integrated Circuits and Systems (ICSIS) is an annual event that provides a global platform for the exchange of ideas and advancements in the field of semiconductor integrated circuits and systems design. This year, ICSIS 2024 will be held in the vibrant city of Qingdao, China, from July 17th to 21st, 2024. The conference will cover a wide range of topics, including:

### Advances in Swarm Intelligence: 12th International Conference, ICSI 2024, Qingdao, China, July 17–21, 2024, Proceedings, Part I (Lecture Notes in Computer Science Book 12689)

Print length : 606 pages

- Electronic Design Automation (EDA)

- VLSI Design
- Power and Performance Analysis
- Emerging Technologies
- Artificial Intelligence (AI)
- Machine Learning (ML)
- Internet of Things (IoT)

### **Why Attend ICSIS 2024?**

Attending ICSIS 2024 offers numerous benefits for professionals in the field of semiconductor integrated circuits and systems design:

- **Cutting-Edge Research:** Engage with renowned researchers and industry experts to gain insights into the latest advancements in the field.
- **Networking Opportunities:** Connect with peers, potential collaborators, and industry leaders from around the globe to foster new partnerships and collaborations.
- **Industry Insights:** Learn from industry leaders about the latest trends, challenges, and opportunities in the semiconductor industry.
- **Career Development:** Showcase your research, gain recognition, and advance your career in the field of semiconductor integrated circuits and systems design.

### **Call for Papers**

Researchers, scientists, and engineers are invited to submit their original research papers for presentation at ICSIS 2024. All submissions will be

peer-reviewed by a panel of experts in the field. Selected papers will be published in the conference proceedings and indexed in major scientific databases.

The deadline for paper submission is **March 15th, 2024**.

## **Conference Venue**

ICSIS 2024 will be held at the Qingdao International Expo Center, a state-of-the-art convention center located in the heart of Qingdao. The conference venue is easily accessible by air, rail, and road.

## About Qingdao

Qingdao is a coastal city in eastern China, known for its beautiful beaches, vibrant culture, and delicious seafood. The city is also a major economic and transportation hub, with a strong presence in the semiconductor industry.

Qingdao offers a wide range of attractions for visitors, including:

- **Beaches:** Qingdao is home to several beautiful beaches, perfect for swimming, sunbathing, and surfing.
- **Tsingtao Beer Museum:** Visit the museum of the world-famous Tsingtao Beer, and learn about its history and brewing process.

- **Laoshan Mountain:** Explore the scenic Laoshan Mountain, a UNESCO World Heritage Site, known for its natural beauty and Buddhist temples.
- **Badaguan Scenic Area:** Stroll along the charming Badaguan Scenic Area, featuring eight different architectural styles from around the world.
