Lyrics

The lyrics of When the Nerds Go Marching In are simple and repetitive. The song consists of three verses, each of which is followed by a chorus. The verses describe the nerds' march, while the chorus celebrates their intelligence and accomplishments.

When the nerds go marching in, marching in, marching in
When the nerds go marching in They will all fall in line
When the nerds go marching in, marching in, marching in
When the nerds go marching in They will take up their time

The song's lyrics have been parodied and adapted by a variety of artists. Some of the most popular parodies include "When the Geeks Go Marching In" by "Weird Al" Yankovic and "When the Engineers Go Marching In" by the MIT Glee Club.

Legacy

When the Nerds Go Marching In has had a significant impact on the nerd subculture. The song has helped to create a sense of community among nerds and has inspired a variety of creative works, including fan fiction, art, and music.

The song has also been used to promote science and technology education. In 2011, the National Science Foundation funded a project to

create a new arrangement of the song for a children's choir. The project was designed to help children learn about science and engineering in a fun and engaging way.

Impact

When the Nerds Go Marching In has had a positive impact on the nerd subculture. The song has helped to create a sense of community among nerds and has inspired a variety of creative works. The song has also been used to promote science and technology education.

The song has also had a broader impact on society. The song's message of acceptance and inclusion has resonated with people from all walks of life. The song has helped to break down stereotypes about nerds and has shown that they are just as valuable as any other group of people.

When the Nerds Go Marching In is a powerful and inspiring song. The song has had a significant impact on the nerd subculture and has helped to break down stereotypes about nerds. The song is a reminder that nerds are just as valuable as any other group of people and that they have a lot to contribute to society.
